Master of Computer Applications (MCA)

MPSTME, NMIMS University | 2024 - 2026 | CGPA: 7.38/10

Specialization: Networking & IT Infrastructure

Bachelor of Science in Information Technology

Tolani College of Commerce | 2020 - 2023 | CGPA: 8.28/10

Higher Secondary Certificate (HSC)

Chandrabhan Sharma College | 2018 - 2020 | 74.77%

Secondary School Certificate (SSC)

S.A Public School | 2018 | 66.20%

> TECHNICAL SKILLS

```
C:\Users\SubodhRam> systeminfo | findstr /C:"Skills"
```

Programming:

Java

Python

JavaScript

TypeScript

C++

Web Development:

React

Node.js

Express.js

Next.js

Vite

Tailwind CSS

Databases:

MongoDB

MySQL

PostgreSQL

Firebase

Redis

Networking:

TCP/IP

DNS

DHCP

VPN

Firewall

Nmap

Wireshark

Tools:

Power BI

Tableau

Git

Docker

Linux

> PROFESSIONAL EXPERIENCE

Data Analyst Intern - Aivariant

Aug 2023 - Jan 2024 | Remote

- Analyzed large datasets (100K+ records) to identify trends and patterns
- Created 15+ interactive dashboards using Power BI and Tableau

- Collaborated with cross-functional teams to deliver actionable insights
- Automated data processing workflows using Python, reducing processing time by 40%
- Conducted A/B testing and statistical analysis for business decisions
- Presented findings to stakeholders through comprehensive reports

IT Support Specialist - Freelance

2022 - Present | Remote

- Provided technical support for network configuration and troubleshooting
- Configured and maintained routers, switches, and firewalls
- Implemented security measures including VPN, SSL/TLS, and access controls
- Performed system diagnostics and resolved hardware/software issues
- Maintained comprehensive system documentation and user guides
- Conducted network performance monitoring and optimization

Full Stack Developer - Academic Projects

2023 - Present | NMIMS University

- Developed 4+ full-stack applications using MERN stack
- Implemented RESTful APIs and microservices architecture
- Integrated third-party services (Firebase, Payment Gateways)
- Conducted code reviews and maintained version control with Git
- Optimized application performance and database queries
- Deployed applications on cloud platforms

> FEATURED PROJECTS

```
C:\Users\SubodhRam> dir C:\Projects\ /s
```

Smart Parking System (2025)

Tech: Java, Spring Boot, JSP, Oracle DB, Firebase, REST API

- Real-time parking discovery and availability tracking

- Dynamic pricing engine with demand-based algorithms
- OpenStreetMap integration for GPS navigation
- QR-based secure access control and payment gateway

Property Price Prediction Platform (2025)

Tech: React, Node.js, Python, MongoDB, TensorFlow, ML

- AI-based property price prediction using ML models (94% accuracy)
- Interactive dashboards with real-time analytics
- Market trend analysis with historical data
- RESTful API for third-party integrations

SmartTech Connect (2025)

Tech: React, Node.js, MongoDB, Firebase, Socket.io, WebRTC

- Technician booking and scheduling system
- Real-time chat with WebSocket support
- Community forum with threaded discussions
- AI-powered service recommendations

Network Monitor Dashboard (2024)

Tech: Python, Flask, React, InfluxDB, Grafana, SNMP

- Real-time network traffic monitoring
- Bandwidth usage analytics and alerts
- Device discovery and topology mapping
- Multi-protocol support (SNMP, NetFlow, sFlow)

> CERTIFICATIONS

```
C:\Users\SubodhRam> certutil -verify certificates.dat
```

Data Analytics Certification

ExcelR | Aug 2023 - Jan 2024

Status: ✓ VERIFIED

```
C:\Users\SubodhRam> echo "End of Resume"
```

Generated: February 22, 2026

System Status: ● READY
